SUBJECT: Incoming Comments on the China Map Folio

1. Comments on the China Map Folio are coming in from various sources. Components in your respective divisions have an interest in seeing some or all of these.

2. Since the comments do not come into OBGI through a single point, I suggest they be routed to me for required distribution and return, where the Office file will be maintained. Each of you can make copies of those you require for your specific file at the time they are routed through you.
